NATURAL HISTORY BOOKS

**Catalogue no.63
Summer 2021
New Stock & Reductions**

We have recently purchased a number of book collections – the new stock is listed at the front of the catalogue.

Inevitably there are always many duplicates with any purchases of collections so the bulk of this catalogue is made up of reduced items (**most reduced by 50% on the marked prices**). Where we have a number of duplicates, the 'less fine' copies are offered at the reduced price. We have also included some titles that have been around for a while. Once the surplus copies of a title have gone, we will still have copies available at the full price.
